CAUÃ DA SILVA RODOLPHO

Junior Front-End Developer

Barueri, SP - Brazil | +55 (16) 99624-7033 | cauarodolpho@gmail.com
Portfolio | GitHub | LinkedIn

PROFESSIONAL PROFILE

Junior Front-End Developer focused on building responsive, accessible, and well-structured interfaces. I develop projects with React, TypeScript, and Tailwind CSS while expanding my Full Stack integration skills. I am seeking my first technology opportunity to contribute to real products, learn from the team, and grow continuously.

TECHNOLOGIES AND KNOWLEDGE

Front-End	HTML5, CSS3, JavaScript, TypeScript, React, Next.js, Angular (in training), Tailwind CSS
Back-End	Node.js, Express, REST APIs, Prisma ORM, MongoDB, JWT authentication, Zod
Tools	Git, GitHub, Vite, Vercel, pnpm, Figma, Postman, GSAP, Docker
Applied AI	GitHub Copilot, ChatGPT/Codex, Claude, and Gemini for research, planning, and review

FEATURED PROJECTS

AuthFlow
React, TypeScript, Node.js, Express, Prisma, and MongoDB
Full Stack app with login, JWT, bcrypt, validation, protected routes, and a CRUD dashboard.
Demo | Code

FlowView
React, TypeScript, Next.js, Recharts, and LocalStorage
Dashboard builder with data import, KPIs, charts, and multiple export formats.
Demo | Code

FlowTask
React, TypeScript, Next.js, Zod, and LocalStorage
Project and task management with Kanban, demo roles, and a delivery review workflow.
Demo | Code

Ateliê AnaCraft
React, TypeScript, Vite, React Router, and Context API
Demo e-commerce with catalog, search, personalization, favorites, cart, and checkout.
Demo | Code

EDUCATION AND CURRENT STUDIES

Associate Degree in Systems Analysis and Development
UNINTER | Oct. 2026 - expected completion in 2029
Degree focused on software development, systems analysis, and technology foundations.

Current studies
DIO and UNINTER | In progress
Angular Developer Program, English4Tech, and New U-best English course.

PROFESSIONAL EXPERIENCE

Stock Clerk - Retail
1 year and 3 months
Organized and replenished store sections, handled stock, and supported refrigerated goods and produce areas. This experience strengthened discipline, reliability, teamwork, and attention to organization.
